Much has been written over many decades about the structure and properties of starch. As technology develops, the capacity to understand in more depth the structure of starch granules and how this complex organisation controls functionality develops in parallel.

### **Starchâ€™ composition, fine structure and architecture**

Food is a vital product for the survival of human beings and with passage of time quality concerns of consumers are rising. Edible films and coatings are thin layers applied on food products to protect them and improve their quality.

### **Recent advances on polysaccharides, lipids and protein**

Uterine fibroids, also known as uterine leiomyomas or fibroids, are benign smooth muscle tumors of the uterus. Most women have no symptoms while others may have painful or heavy periods. If large enough, they may push on the bladder causing a frequent need to urinate. They may also cause pain during sex or lower back pain.
