Welcome to the Web site (<http://szeliski.org/Book>) for my computer vision textbook, which you can now purchase at a variety of locations, including Springer ...

### **Computer Vision: Algorithms and Applications**

The following outline is provided as an overview of and topical guide to computer vision: Computer vision is an interdisciplinary field that deals with how computers can be made to gain high-level understanding from digital images or videos.

### **Outline of computer vision - Wikipedia**

Color blindness, also known as color vision deficiency, is the decreased ability to see color or differences in color. Simple tasks such as selecting ripe fruit, choosing clothing, and reading traffic lights can be more challenging. Color blindness may also make some educational activities more difficult. However, problems are generally minor ...
