to the Saxon math program. This test includes selected content from Math 54, Math 65, Math 76, Math 87, and Algebra 1/2. Please note that this placement test is not infallible. It is simply one indicator that teachers may use to place new students. The best placement for most new students is to start the year in the textbook designed for students at that grade level (Math 54 for 4th, Math 65 ...

**Middle Grades Placement Test - Using John Saxon's Math Books**

For older students, you need to choose between Math Intermediate 5 and Math 6/5. Most of the content remains very similar in scope and sequence to the rest of the Saxon math program, retaining Saxon's™ incremental, spiral approach of introducing a concept or skill, then expanding upon it in one or more future lessons.
