The Ad Council endeavors to improve the lives of all Americans through public service advertising. Our mission is to identify a select number of significant public issues and stimulate action on those issues through communications programs that make a measurable difference in our society.

### **Ad Council - Home**

A transformer is a static electrical device that transfers electrical energy between two or more circuits. A varying current in one coil of the transformer produces a varying magnetic flux, which, in turn, induces a varying electromotive force (emf) or "voltage" across a second coil wound around the same core.

### **Transformer - Wikipedia**
