SUSTAINABLE ENERGY FOR ALL KENYA ACTION AGENDA

there – Agenda 21. The importance of energy systems in supporting many dimensions of sustainable development was a theme that echoed throughout Agenda 21. Subsequent global conferences, dealing with small island states, social issues, women, human settlements, and food security also acknowledged the critical linkages between energy systems and many specific development concerns. In the ...

energy for sustainable development - undp.org

It is clear that the energy sector must be at the heart of efforts to lead the world on a more sustainable pathway. But our data and analysis show that the current and planned policies fall well short of achieving our critical energy-related sustainable development objectives.
