INDIAN STANDARDS (BIS) ON WELDING - Indian Institute

Employers are responsible for providing a safe and healthful workplace for their employees. OSHA's role is to assure the safety and health of America's workers by setting and enforcing standards; providing training, outreach and education; establishing partnerships; and encouraging continual improvement in workplace safety and health.

Small Business Handbook | Occupational Safety and Health

Plastic welding is welding for semi-finished plastic materials, and is described in ISO 472 as a process of uniting softened surfaces of materials, generally with the aid of heat (except solvent welding).

Plastic welding - Wikipedia

Welding keeps our economy growing. Our friends at Welding Productivity discuss what welders in the agricultural industry need to know to keep their welding careers flourishing in the article, "Farm to Table".

Publications : American Welding Society

Inspections are made during and after the manufacturing cycle to ensure that parts meet specifications. Types of inspection include nondestructive examination (NDE), in which no portion of the completed weld is destroyed, and destructive tests, in which the weld is destroyed.
