freedom - ivepriest - without god and without immortality (immortality is opposed to immanence)
there is no place for freedom. modern man eliminates immortality and the personal god and ends up
enslaved to finitude, ends up dissipating his life in the temporality of things. he believes that he is
free because he is the creator of his own values, laws, etc., however, he does not realize that the
only thing he ... **gods freedom despite necessity - wereadbetter** - metaphysics: god, freedom, and
immortality the history of moral philosophy edited by barbara herman in , although he of these
indisputably kantian doctrines and their necessity for understanding the. **freedom and immortality -**
